

Why Hatch Green Chiles?

Pappasito's Hatch Green Chile Fest is our celebration of this unique pepper. Hatch Green Chiles reach their height of flavor in August. That's when we hold our annual three week festival to honor this amazing pepper and its one-of-a-kind flavor. Every year we source about 3,500 pounds of the best chiles from farmers in the Hatch Valley of New Mexico. We use them in our signature sauces and our limited time Hatch Green Chile Fest dishes.

The original Hatch Chile Festival, held every Labor Day, is two-day celebration of the world-famous crop in Hatch, New Mexico. The festival attracts over 30,000 visitors from all over the United States. This small farming community is known world-wide as the 'chile capital of the world' for its bountiful chile crop, the Hatch Valley also grows onions, pecans, alfalfa, lettuce, cabbage, sweet potatoes, wheat, cotton, and various experimental crops.

Hatch is proud to have never experienced a crop failure.
